March 27, 2019

In attendance: Misty, Dan S., Neiel, Robyn, David, Aviva, Susan, Joel, Jeff, Jonathan B.

Damage to the building: We are working with our insurance company. The driver's insurance had expired. Will have to remove everything from the sanctuary to replace carpet. We will also check for asbestos in the walls of the sanctuary.

Security: Ed hopes to finish soon. Elka has cleaned out some of her materials from the coat room, storage room, and her office.

Budget: Nothing significant. As of now, additional donations = \$5750 since the beginning of the of year. Other funds are due later. A few members haven't paid dues. Misty and Dan S. will send an email reminder.

Greater Community Study: A few have opted out. Misty will ask Eliza to send the membership list to Shere, minus the opt-out names.

Shabbaton: We selected July 26-27. Susan will let Ellyn know. We will invite anyone anyone who is on our newsletter list. There will be a charge to cover costs. We will offer babysitting. Hoping for Mitch!

Purim: Went well. We had a meaningful discussion.

Passover: Barbara B. is organizing the first seder. We can invite guests. Judith will organize the clean-up on the Sunday prior, April 14, 10-1. Joel will contact her. Misty will contact Eliza. The seder may be in the dining area, depending on construction timing.

Art exhibition: We are discussing the possibility of an exhibition at Kohelet of Jonathan Katz's photographic work. Robyn will pursue with JK.

Concert: Semplice, an instrumental group (Jewish music through the centuries) is interested in having a concert at Kohelet. We will wait until our construction work is done, probably a Saturday night. Misty will talk to Barb about putting together a template for events such as this (e.g. charging, donation to Kohelet, logistics, etc. Dan H. may have?) We will invite other groups.

Jewish Colorado: Jeff Z. will notify their website when we have special events.

B'nah Havurah: They are interested in collaborating with us (programming? services? social justice?). Neiel will pursue with them.

Guest service leaders and d'var torahs: Susan will pursue some contacts.

Newsletter: We discussed the content of newsletter and how it can be improved.
